# STANDARDIZED TEST PREPARATION AT WLEC

## Pre-IELTS and IELTS/SAT TRANSITION:

Before you start preparing for the IELTS or SAT, your English language level and skills need to reach an acceptable level. This course is designed to improve the language skills of students prior to the actual IELTS/SAT courses. Preparation courses generally result in a higher score. It gives you an opportunity to strengthen your base for the actual test. It teaches you the study skills and helps you to become more confident about your language ability.

The International English Language Testing System (IELTS) measures ability to communicate in English across all four language skills – listening, reading, writing, and speaking – intend to study or work where English is the language of communication.

## WLEC'S IELTS AVERAGE: 7

## SAT –Scholastic Aptitude Test

The Scholastic Aptitude Test (SAT) courses are designed for students wishing to prepare for the PSAT and SAT or for those seeking opportunities to improve on the various English and math skills covered by the tests.

# LEVEL 3 TO LEVEL 8 IN ELBP

## OVERVIEW:

Levels/ Criteria	Grammar	Reading/Writing	Accent Reduction/ Listening/ Speaking
<b>Level 3-8</b>	Students continue to use English for more complicated and varied situations, using comparisons, practice countable and non-countable nouns with the correct usage of "a/an" and "the," extensively explore the functions of gerunds and infinitives, practice phrasal verbs, review progressive and simple tenses in the present, past and present perfect, and review and expand their knowledge of adjectives and adverbs, and learn about modals and related verbs and expressions.	Students develop further competence in academic English through assignments in a variety of themes and topics, including film, the arts, personal relationships, and travel. In each unit, students read passages from different points of view on a topic and then compare them. After studying some points in writing style and grammar, will be guided step by step to use them to write their own thoughts on the topic. Styles include summary writing, comparing and contrasting, and parallel structure. Grammar topics include choosing between similar verb tenses, using superlatives, and forming noun clauses.	Students begin to focus on English competence for academic success. Through recordings on diverse themes and topics that stimulate critical thinking, including education, volunteering, sports, literature and movies, students build their listening skills for formal and informal discourse. They develop their speaking skills by exploring, analyzing, and explaining matters within these themes and topics. Vocabulary includes idioms and collocations, and pronunciation work supplements class discussion. Stress and intonation are taught so that the students can speak like a native speaker.

# Development Bridge Program

## Course Description

The program is designed around learners' specific needs and is delivered through a range of face-to-face and learning activities. Developmental Bridge Program (DBP) provides accelerated and focused learning opportunities in order to help recent high school graduates acquire the knowledge and skills needed for university success. Students are invited to take a reflective and autonomous approach to learning, and will be required to participate in solo, pair and group activities. Given the multidisciplinary background of our students, we use a range of authentic teaching materials, tackling topics such as immigration, art criticism, anthropology, law and business, engineering and science. While intensive, the DBP program aims to be fun, and to offer a springboard for the academic courses that follow it. It will help develop crucial skills for success at university level.

## Learning Objectives

- Acquire English language skills in the context of academic work and university life
- Learn about different cultures and living and working in a multicultural environment
- Develop research skills with focus on university assignments
- Develop study skills required for success in higher education
- Understand the principles of managing projects and activities
- Learn about the importance of soft skills in university life and beyond
- Learn to communicate effectively and resolve conflicts in group work

## Visa and Study Permit Service

### CHECKLIST FOR HOMESTAY

Living with a host family can provide you with a sense of home and security as you start your new life in Canada. Host families normally provide a private, single-occupancy room, and serve one – three meals per day and internet access.

A host family can also often answer questions about the city, introduce you to Canadian culture and customs and share mealtimes with you. Shared accommodation may be an option, and also room-only options (without meals) may be possible. Students living in homestay accommodation should expect to travel 30 – 50 minutes by bus or train in order to reach the school. This is a normal commute time in Canada.

### VISA APPLICATION

You need a number of documents before you come to Canada. Use our pre-arrival checklist to ensure you are ready to cross the Canadian border and begin your studies here.

Do you have your...

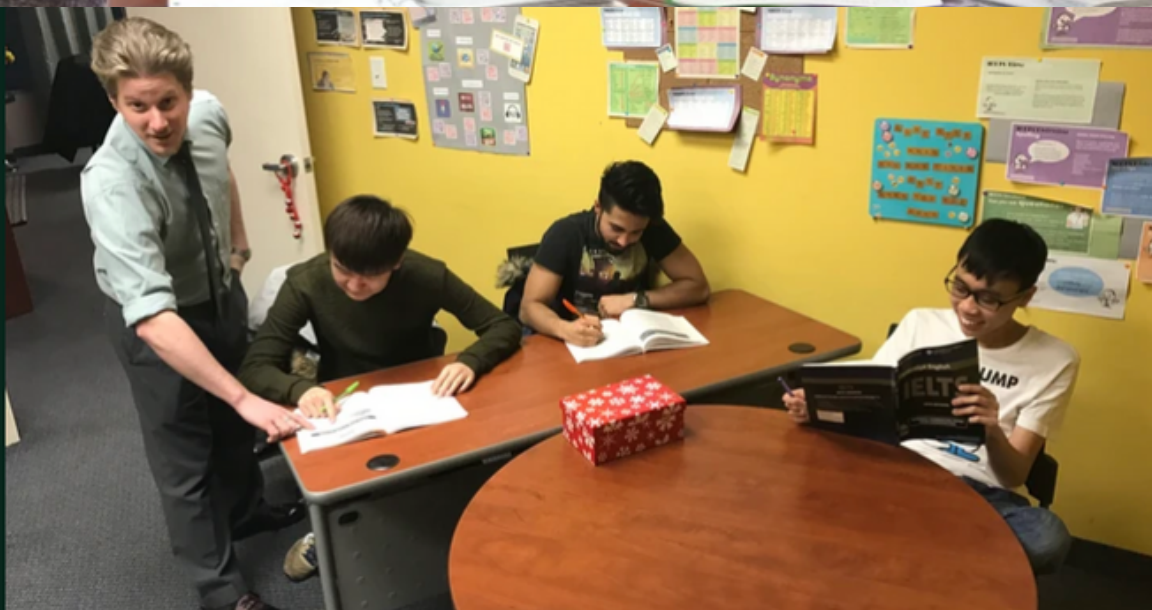

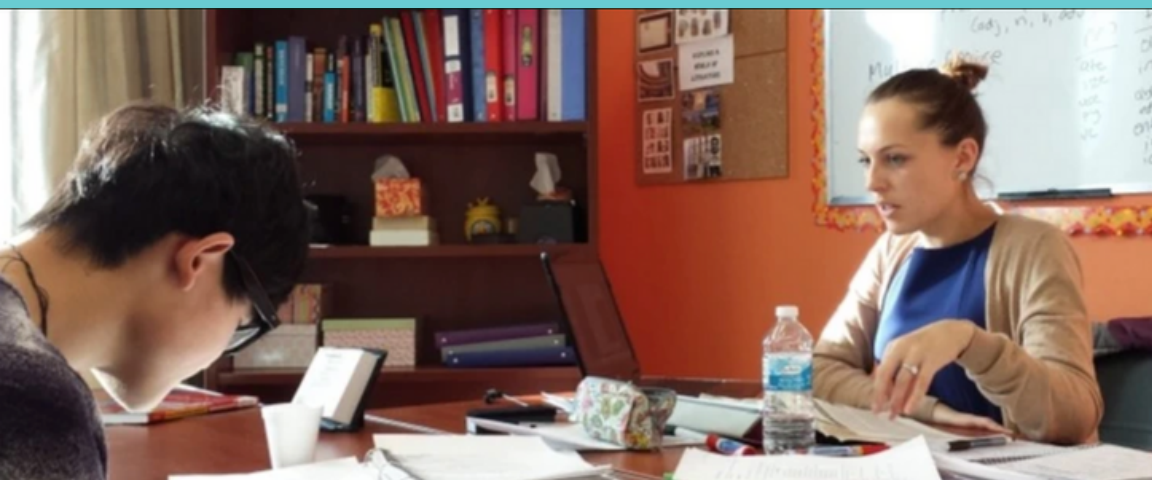

- passport?
- Letter of acceptance from World Life Education Centre
- study permit?
- temporary resident visa
- Financial Statement
- Payment receipt from WLHS
- documentation for your family (if they are moving with you or plan to visit you)?
- Do you have your guardianship?
- medical insurance?
- housing information?
